

TABLETS & CAPSULES

www.tabletsandcapsules.com

January 2018
Volume 16 Number 1

Cover photo shows encapsulation machine replacement parts, including upper and lower segments, manufactured by company's subsidiary, Carlisle Precision Encapsulation Parts. Product range includes tooling and replacement parts for many brands of encapsulation machines. Company also supplies tablet compression tooling, presses, and replacement parts. Its 120,000-square-foot campus includes administrative, manufacturing, refurbishing, and training facilities, as well as cleanrooms for product demonstration and testing.
