

TABLETS & CAPSULES

www.tabletscapsules.com

January 2019

Volume 17 Number 1

Cover photo shows KCP10 capsule polisher, which elevates, polishes, and dedusts capsules from size 4 to 00. Rotational spiral brush gently polishes and removes excess dust from the capsules as it conveys them upward. Options include metal detectors, empty capsule sorters, and diverters. Company also offers dedusters, belt conveyors, and accessories. Courtesy of Kraemer US. For more information call 201 962 8200 or visit www.kraemerag.com.
