

# Pharmintech

## a preview

*Trade show to host  
300+ international  
exhibitors*

Pharmintech—an international expo and conference for the pharmaceutical, biotech, nutraceutical, and cosmeceutical industries—will take place April 10-12 in Bologna, Italy. Organizers expect the number of attendees at the show to increase by 35 percent compared to 2016, the last time the show was held.

More than 300 international exhibitors are expected to participate, representing the entire life science supply chain, including API and raw-material suppliers, manufacturing and packaging technology manufacturers, and contract manufacturing organizations. To view the most up-to-date list of companies and organizations exhibiting at Pharmintech 2019, visit [www.pharmintech.it/en/exhibit](http://www.pharmintech.it/en/exhibit).

The trade show will also offer seminars, technical symposiums, round table discussions, and special initiatives focused on new challenges for the life science sector such as data analytics and digitalization, smart manufacturing, data integrity, and continuous manufacturing.
