

# Pack Expo Las Vegas

a preview

*Packaging show to  
debut robotics  
packaging zone*

Pack Expo Las Vegas—a trade show focused on the latest advances in packaging equipment, materials, and containers—will take place September 23 to 25 at the Las Vegas Convention Center. The show is co-located with Healthcare Packaging Expo, and organizers expect more than 30,000 attendees and 2,000 suppliers from the pharmaceutical, medical device, and food and beverage industries.

## **New to the show**

This year's show debuts new attractions, including a robotics zone, an interactive learning program called The Forum, and a package printing pavilion.

The robotics zone showcases the latest robotic technology and features interactive demonstrations such as Siemens' demo of its vision-based artificial intelligence unit for automating flexible packaging. Visitors can select objects to pack from an unsorted pile and watch as the robot detects and transfers the objects to a container.

The Forum hosts 45-minute hands-on activities, small group discussions, and question-and-answer sessions. These short seminars explore a range of topics, including

understanding and calculating overall equipment effectiveness, packaging design for enhanced consumer experience, standardizing factory acceptance test procedures, and best practices for education and workforce development.

The Package Printing Pavilion focuses on the advantages of digital printing for folding cartons, flexibles, and corrugated packaging. Demonstrations at the pavilion highlight cost-effective solutions for smart, short-run, on-demand, cost-effective, variable-data, and personalized packaging as well as labeling, coding, and marking technologies.

## **Education**

Additional educational sessions will be available at the Innovation Stage where suppliers will present 30-minute seminars during the 3-day conference and expo. No registration is required for these free educational opportunities on the show floor. Topics include packaging automation, recyclable packaging, sealing and thermoforming, branding, sustainable packaging, compostable hot melt adhesives, sanitary designs for process systems, package line optimization, and regulations. *T&C*

## **Partial Exhibitors List**

The following companies and organizations are among those exhibiting at Pack Expo Las Vegas. For a complete, updated list, visit [www.packexpolasvegas.com](http://www.packexpolasvegas.com).

<b>Company</b>	<b>Booth</b>
AZO	US-7614
Bilcare Research	N-430
Bosch Packaging Technology	C-2800
Capmatic	C-1528
Colorcon	US-8446
Coperion K-Tron	US-7422
Countec	N-321
Deitz	LS-5802
Dow	LS-6584, 6585
Eriez	LS-5901
Fette Compacting America	N-215D
Flexible Packaging Association	C-1341
Frewett USA	US-7879
Harro Hofliger	N-215C
Hosokawa Yoko America	LS-6572
IMA North America	C-3200
Kaps-All Packaging Systems	C-2634
Kason	US-7779

Key International	N-317
Kikusui USA	N-127
Mettler Toledo	C-2023
MG America	N-227
Modular Packaging Systems	N-228
PallayPack	N-333
Perlen Packaging/ Perlen Converting	N-441
Pharmapack North America	N-220
Pharmaworks	N-211
Packaging Technologies & Inspection	C-1513
R.W. Hartnett	N-442
SMI USA	US-7661
Thomas Packaging	N-205
UPM	LS-6453
Vac-U-Max	US-7229
Volkmann	LS-6451

**Who?**

Professionals from all packaged goods industries, including managers, engineers, production supervisors, operations, quality control, purchasers, package designers, brand managers, marketers, logistics, and supply chain management

**When?**

**Exhibit Hall**

September 23 to 25  
9:00 am to 4:00 pm

**Innovation Stage Sessions**

September 23 to 24  
10:00 am to 3:30 pm

September 25  
10:00 am to 12:30 pm

**The Forum Sessions**

September 23 to 24  
10:30 am to 4:00 pm

September 25  
10:00 am to 2:15 pm
