

industry associations and societies

ASTM International

100 Barr Harbor Dr.
PO Box C700
West Conshohocken, PA 19428
877 909 2786
service@astm.org
www.astm.org

Develops and provides voluntary consensus standards used internationally to promote product quality, health and safety, market access and trade, and consumer confidence. Is comprised of more than 30,000 technical experts and business professionals representing 140 countries.

American Association of Homeopathic Pharmacists (AAHP)

4332 SE Logus Rd.
Milwaukie, OR 97222
513 402 8847
info@aahp.info
www.theaahp.org

Represents the interests of homeopathic product manufacturers, marketers, pharmacists, and other industry professionals. Serves the homeopathic community by promoting excellence in the practice of homeopathic pharmacy, manufacturing and distribution, maintaining an appropriate regulatory and legislative climate with governmental bodies, and providing outreach through education, public relations, and research support.

American Association of Pharmaceutical Scientists (AAPS)

2107 Wilson Blvd., Ste. 200
Arlington, VA 22201
703 243 2800
aaps@aaps.org
www.aaps.org

Encourages pharmaceutical scientists to develop products and therapies that improve global health. Founded in 1986, the professional scientific organization has 7,000 members employed in academia, industry, government, and other research institutes worldwide.

American Association of Pharmacy Technicians

PO Box 391043
Omaha, NE 68139
336 333 9356
aapt@pharmacytechnician.com
www.pharmacytechnician.com

Provides leadership, networking, and continuing education opportunities to pharmacy technicians and represents their interests to the public and healthcare organizations. Also supports safe and cost-effective medication dispensing and promotes pharmacy technicians as important members of the patient care team.

American Botanical Council (ABC)

PO Box 144345
Austin, TX 78714
512 926 4900
abc@herbalgram.org
abc.herbalgram.org

Provides education on the safe, responsible, and scientific uses of medicinal herbs to consumers, educators, healthcare and industry professionals, and the media.

American Chemical Society (ACS)

1155 16th St. NW
Washington, DC 20036
800 227 5558
help@acs.org
www.acs.org

Advances the broader chemistry enterprise and its practitioners by providing information, education, career services, professional development, and engagement programs to its 150,000 members in more than 140 countries.

American Chemistry Council (ACC)

700 2nd St. NE
Washington, DC 20002
202 249 7000
www.americanchemistry.com

Represents companies engaged in chemistry and delivers value to its members through advocacy using member engagement, political advocacy, communications, and scientific research.

American College of Clinical Pharmacology (ACCP)

PO Box 1758
Ashburn, VA 20146
571 291 3493
info@accp1.org
www.accp1.org

Advances the science of clinical pharmacology in all its phases and pursues educational efforts in the public interest. Also provides leadership and interdisciplinary education to enable the generation, integration, and translation of scientific knowledge to optimize the research, development, and use of medication.

American College of Clinical Pharmacy (ACCP)

13000 W. 87th St. Pkwy.
Lenexa, KS 66215
913 492 3311
accp@accp.com
www.accp.com

Provides leadership, training, advocacy, and resources that enable clinical pharmacists to achieve excellence in practice, research, and education.

American College of Medical Toxicology (ACMT)

10645 N. Tatum Blvd., Ste. 200-111
Phoenix, AZ 85028
844 226 8333
info@acmt.net
www.acmt.net

Advances the field of medical toxicology through advocacy, education, leadership, and research. The nonprofit association has approximately 800 members and advocates for the essential role and value of the medical toxicologist.

American Foundation for Pharmaceutical Education (AFPE)

6076 Franconia Rd., Ste. C
Alexandria, VA 22310
703 875 3097
woods@afpepharm.org
www.afpepharm.org

Supports pharmaceutical science education at US schools and colleges of pharmacy by awarding fellowships and grants, recognizing and supporting students and faculty, and educating industry-ready pharmaceutical scientists.

American Filtration & Separations Society (AFS)

529 Myatt Dr.
Madison, TN 37511
615 250 7792
lyn@afsociety.org
www.afsociety.org

Provides educational opportunities, fosters collaboration, networking, and idea sharing in the filtration and separation industry. The association brings together professionals from all areas of filtration, including academics and distributors to advance the industry.

American Herbal Pharmacopoeia (AHP)

PO Box 66809
Scotts Valley, CA 95067
831 461 6318
ahp@herbal-ahp.org
www.herbal-ahp.org

Non-profit educational organization promotes the responsible use of herbal medicines and ensures that they are used with the highest possible degree of safety and efficacy. Also develops standards of identity, purity, and analysis for botanicals and disseminates these works through monographs, textbooks, and other educational materials.

American Herbal Products Association (AHPA)

8630 Fenton St., Ste. 918
Silver Spring, MD 20910
301 588 1171
ahpa@ahpa.org
www.ahpa.org

Promotes responsible commerce of herbal products and acts as the voice of the herbal products industry. The national trade association is comprised of more than 450 companies including domestic and foreign growers, processors, manufacturers, and marketers of herbal food, dietary supplement, cosmetic, and non-prescription drug products, as well as companies that provide expert services to the herbal trade.

American Institute of Chemical Engineers (AIChE)

120 Wall St., 23rd floor
New York, NY 10005
800 242 4363
www.aiche.org

Global organization of chemical engineers with more than 60,000 members from 110 countries. Provides resources and expertise to members in core processes or emerging areas such as translational medicine.

American National Standards Institute (ANSI)

1899 L St. NW, 11th floor
Washington, DC 20036
202 293 8020
info@ansi.org
www.ansi.org

Enhances both the global competitiveness of US businesses and the US quality of life by promoting and facilitating voluntary consensus standards and conformity assessment systems and safeguarding their integrity.

American Pharmacists Association (APhA)

2215 Constitution Ave. NW
Washington, DC 20037
800 237 2742
infocenter@aphanet.org
www.pharmacist.com

Creates opportunities for members and pharmacists worldwide to optimize medication use and health for all. Also acts as the voice of the pharmaceutical profession, leading and equipping members for their role as the medication expert in team-based, patient-centered care.

American Public Health Association (APHA)

800 I St. NW
Washington, DC 20001
202 777 2742
comments@apha.org
www.apha.org

Strengthens the impact of public health professionals, provides a science-based voice in policy debates, and leads efforts to advance prevention, reduce health disparities, and promote wellness.

American Society for Clinical Pharmacology and Therapeutics (ASCPT)

528 N. Washington St.
Alexandria, VA 22314
703 836 6981
info@ascpt.org
www.ascpt.org

Advances the science and practice of clinical pharmacology and translational medicine for the therapeutic benefit of patients and society. Is the largest scientific and professional organization serving the discipline of clinical pharmacology and translational medicine.

American Society of Consultant Pharmacists

1240 N. Pitt St., 3rd floor
Alexandria, VA 22314
800 355 2727
www.ascp.com

Represents pharmacists, healthcare professionals, and students involved in the medication needs of older adults. The association promotes healthy aging by providing pharmacists with education, resources, and opportunities.

American Society of Pharmacognosy

2720 Dundee Rd., Ste. 260
Northbrook, IL 60062
847 447 6725
businessmanager@pharmacognosy.us
www.pharmacognosy.us

Dedicated to the promotion, growth, and development of pharmacognosy (the study of natural product molecules that are useful for their medicinal, ecological, gustatory, or other functional properties) and all aspects of natural products sciences.

American Society for Pharmacology and Experimental Therapeutics (ASPET)

1801 Rockville Pike, Ste. 210
Rockville, MD 20852
301 634 7060
info@aspet.org
www.aspet.org

Supports educators, students, researchers, healthcare practitioners, and other professionals working to advance pharmacology research, exchange knowledge, and increase the impact and influence of this scientific discipline.

American Society of Clinical Psychopharmacology (ASCP)

5034-A Thoroughbred Ln.
Brentwood, TN 37027
615 649 3085
info@ascpp.org
www.ascpp.org

Works to advance the science and practice of clinical psychopharmacology. Society's more than 1,200 members are physicians who study and practice psychopharmacology and doctoral-level investigators of clinical psychopharmacology or pharmacology.

Arbeitsgemeinschaft für Pharmazeutische Verfahrenstechnik (International Association for Pharmaceutical Technology) (APV)

Kurfürstenstrasse 59
55118 Mainz
Germany
+49 613 197 690
info@apv-mainz.de
www.apv-mainz.de

Promotes science and research in the development, manufacture, sale, and use of pharmaceutical products by developing and improving pharmaceutical process technology, quality assurance in the manufacture of pharmaceutical products, and dosage forms and their application techniques.

Association for Accessible Medicines (AAM)

601 New Jersey Ave. NW, Ste. 850
Washington, DC 20001
202 249 7100
info@accessiblemeds.org
www.accessiblemeds.org

Improves access to safe, high-quality, and effective generic and biosimilar medicines.

Association of the British Pharmaceutical Industry (ABPI)

105 Victoria St., 7th floor
London SW1E 6QT
United Kingdom
+44 207 930 3477
www.abpi.org.uk

Dedicated to improving the UK's research, development, and use of new medicines. To this end, the association seeks to build a thriving environment for medicine discovery, improve access to new medicines and vaccines, and demonstrate high ethical standards.

Association of Clinical Research Professionals (ACRP)

99 Canal Center Plaza, Ste. 150
Alexandria, VA 22314
703 254 8100
support@acrpnet.org
www.acrpnet.org

Improves the quality of clinical research by directly impacting the professionals conducting clinical trials by setting standards for professional competence and building and validating competence in the workforce.

Association of Consulting Chemists & Chemical Engineers (ACCCE)

514 Corrigan Way
Cary, NC 27519
908 500 9333
accce@chemconsult.org
www.chemconsult.org

A non-profit membership organization that serves the chemical consulting needs of prospective clients and its members. Members include chemists and chemical engineers who offer consulting services on technical, business development, and legal issues.

Association for Packaging and Process Technologies (PMMI)

12930 Worldgate Dr., Ste. 200
Herndon, VA 20170
571 612 3200
info@pmmi.org
www.pmmi.org

Represents more than 900 North American manufacturers and suppliers of equipment, components, and materials as well as providers of related equipment and services to the packaging and processing industry. Works to advance a variety of industries by connecting consumer goods companies with manufacturing solutions through the Pack Expo portfolio of trade shows, trade media, and a wide range of resources to empower its members. Formerly known as Packaging Machinery Manufacturers Institute.

Association of Pharmaceutical Industry Research (INTERFARMA)

Rua Verbo Divino, 1488, 7th floor
São Paulo 04719-904
Brazil
+55 11 5180 3499
www.interfarma.org.br

Represents national and foreign companies and researchers responsible for promoting the development of industry in scientific and technological research in Brazil, with a focus on the production of pharmaceutical products, raw materials, and related drug products.

Association de Pharmacie Galénique Industrielle (International Society of Drug Delivery Sciences and Technology) (APGI)

3 Rue de Professeur Laguesse
59000 Lille
France
+33 614 274 501
apgi@apgi.org
www.apgi.org

Promotes activities and facilitates professional exchanges in the pharmaceutical, biopharmaceutical, pharmaceutical technology, and other related fields. Members include students and academics as well as industry and regulatory professionals.

Brazilian Generic Drugs Pharmaceutical Manufacturers Association (Pró Genéricos)

1280 Rua Alvorada
São Paulo 04550-004
Brazil
+55 11 3897 9767
progenericos@progenericos.org.br
www.progenericos.org.br

Improves access to medicines in Brazil through the consolidation and expansion of the generics market.

Canadian Society for Pharmaceutical Sciences (CSPS)

275 Bay St.
Ottawa, ON K1R 5Z5
Canada
613 238 4870
csps@intertaskconferences.com
www.cspscanada.org

Establishes a network of pharmaceutical scientists in Canada and pursues excellence in research, development, and training. Also publishes an electronic journal, organizes workshops and an annual symposium, and promotes the allocation of funds for pharmaceutical research.

Center for Drug Evaluation and Research (CDER)

US Food and Drug Administration
Division of Drug Information
10001 New Hampshire Ave.
Hillandale Building, 4th floor
Silver Spring, MD 20993
301 796 3400
druginfo@fda.hhs.gov
www.fda.gov/drugs

Ensures that safe and effective drugs are available to Americans by regulating over-the-counter and prescription drugs, including brand-name and generic drugs.

Center for Professional Advancement (CfPA)

62 Brunswick Woods Dr.
East Brunswick, NJ 08816
732 238 1600
info@cfpa.com

www.cfpa.com/PharmaceuticalTraining

Dedicated to providing accredited technical training and continuing education to the chemical, pharmaceutical, biopharmaceutical, environmental, food, mechanical, medical device, and packaging industries, among others.

National Medical Products Administration (NMPA)

1 Beiluyuan Zhanlan Rd.
Xicheng District
Beijing 100037
China
+86 10 6831 1166

www.subsites.chinadaily.com.cn/nmpa/

Supervises the safety, regulates the registration, and undertakes standards management of drugs, medical devices, and cosmetics in China, including traditional Chinese medicines and ethnomedicines.

China Pharmaceutical Industry Association (CPIA)

Rm. 1010, No. 6A Hospital, Building 8, Shuguang Xili
Chaoyang District
Beijing 100028
China
+86 10 5791 8330 ext. 817
leiy@cpiia.org.cn
www.cpia.org.cn

Provides government agencies with suggestions on policies to facilitate the growth of the pharmaceutical industry. Also offers services such as training, inspection tours, and consultancy.

Clinical Data Interchange Standards Consortium (CDISC)

401 W. 15th St., Ste. 800
Austin, TX 78701
512 363 5826
www.cdisc.org

Develops and advances data standards to transform incompatible formats, inconsistent methodologies, and diverse perspectives into a single framework for generating accessible clinical research data.

Coalition for Supplement Sustainability

info@supplementsustainability.org
www.supplementsustainability.org

Dietary supplement trade association whose members collaborate to review third-party verification standards to establish sustainable, independently verifiable, and transparent non-GMO standards across the dietary supplement supply chain.

Consumer Healthcare Products Association (CHPA)

1625 Eye St. NW, Ste. 600
Washington, DC 20006
202 429 9260
www.chpa.org

Represents the manufacturers and marketers of over-the-counter (OTC) medicines, dietary supplements, and consumer medical devices. Partners with regulators, lawmakers, and healthcare companies to increase safety and quality of consumer healthcare products. The association also educates consumers on how to safely choose and use these products.

Contract Packaging Association (CPA)

12930 Worldgate Dr., Ste. 200
Herndon, VA 20170
571 287 6818
info@contractpackaging.org
www.contractpackaging.org

National, nonprofit trade organization serves member companies by providing continuing education, market knowledge, and customer relationships.

Controlled Release Society (CRS)

1120 Route 73, Ste. 200
Mount Laurel, NJ 08054
856 380 6910
info@controlledreleasesociety.org
www.controlledreleasesociety.org

Dedicated to the science and technology of the controlled release of chemical and biological substances. Holds regular meetings, encouraging the exchange of information in the field of controlled release through education, research, and the dissemination of information.

Council for Responsible Nutrition (CRN)

1828 L St. NW, Ste. 810
Washington, DC 20036
202 204 7700
www.crnusa.org

Trade association represents dietary supplement and functional food manufacturers and ingredient suppliers. Committed to improving public health through nutrition, including the appropriate use of dietary supplements and functional foods.

Drug, Chemical & Associated Technologies Association (DCAT)

One Union St., Ste. 208
Robbinsville, NJ 08691
800 640 3228
info@dcat.org
www.dcat.org

Provides programs, events, and services that help its members meet their business objectives; expand their network of customers and suppliers; and gain insight into industry trends, markets, and issues impacting pharmaceutical development and manufacturing.

Drug Delivery Foundation (DDF)

540 Avis Dr., Ste. A
Ann Arbor, MI 48108
734 663 4233
pweller@tsrlinc.com
www.ddfint.org

Promotes education, training, and research in the drug delivery field worldwide. Organization also provides expertise within oral drug development, including drug dissolution, permeability, solubility, metabolism, prediction, and regulation.

Drug Information Association (DIA)

800 Enterprise Rd., Ste. 200
Horsham, PA 19044
215 442 6100
americas@diaglobal.org
www.diaglobal.org

Provides a neutral global forum to promote the exchange of information and discuss current issues related to healthcare products, technologies, and services. Also delivers customized learning experiences for its members.

Engineering in Medicine & Biology Society (EMBS)

445 Hoes Ln.
Piscataway, NJ 08854
732 981 3433
www.embs.org

Serves as the world's largest international society of biomedical engineers, with 12,000 members from nearly 100 countries. EMBS provides its members with access to the people, practices, information, ideas, and opinions relevant to biomedical engineering.

European Confederation of Pharmaceutical Entrepreneurs (EUCOPE)

Rue Marie de Bourgogne 58
1000 Brussels
Belgium
+32 2842 6982
www.eucope.org

Represents more than 900 European companies and associations active in research, development of pharmaceuticals, biotechnologies, and medical devices. Many members develop therapeutic solutions for persons living with rare diseases.

European Directorate for the Quality of Medicines & HealthCare (EDQM)

7 allée Kastner, CS 30026
F-67081 Strasbourg
France
+33 388 413 030
www.edqm.eu

Protects public health by enabling the development, supporting the implementation, and monitoring the application of quality standards for safe medicines and their safe use.

European Federation for Pharmaceutical Sciences (EUFEPS)

Varentrapstr 40-42
60486 Frankfurt am Main
Germany
+49 69 7191 596 20
secretariat@eufeps.org
www.eufeps.org

Serves as the only pan-European body to represent the interests of scientists in industry, academia, government, and other institutions engaged in drug research, development, regulation, and policymaking throughout Europe.

European Federation of Pharmaceutical Industries and Associations (EFPIA)

Leopold Plaza Building
Rue du Trône 108
B-1050 Brussels
Belgium
+32 2626 2555
reception@efpia.eu
www.efpia.eu

Represents the European pharmaceutical industry with members including 36 national associations and 39 pharmaceutical companies. Creates a collaborative environment that enables members to innovate, discover, develop, and deliver new therapies and vaccines for Europeans and contribute to the European economy.

European Medicines Agency (EMA)

Domenico Scarlattilaan 6
1083 HS Amsterdam
The Netherlands
+31 88 781 6000
www.ema.europa.eu

Oversees the scientific evaluation, supervision, and safety monitoring of medicines developed by pharmaceutical companies for use in the European Union.

European Pharmaceutical Market Research Association (EphMRA)

EphMRA, c/o Streicher & Brotschin Treuhand AG
101 Gartenstrasse
4052 Basel
Switzerland
generalmanager@ephmra.org
www.ephmra.org

Develops professional standards and practices that help European healthcare researchers become better business partners when providing insights and expert advice.

European Society of Clinical Pharmacy (ESCP)

Thekla Mansholtstraat 5B
2331JE Leiden
Netherlands
+31 715 766 157
www.escpweb.org

Develops and promotes the rational and appropriate use of medicines, medical products, and devices in Europe by individuals and society.

Federal Council of Pharmacy (CFF)

SHIS QI 15 Lote L-Lago Sul
Brasilia 71635-615
Brazil
+61 3878 8700
www.cff.org.br

Oversees the professional activities of pharmacists, handles regulatory and disciplinary matters, hears cases on appeal, votes on proposed regulations, and oversees the regional councils.

Flexible Packaging Association (FPA)

185 Admiral Cochrane Dr., Ste. 105
Annapolis, MD 21401
410 694 0800
fpa@flexpack.org
www.flexpack.org

Represents manufacturers and suppliers of flexible packaging, packaging materials, and packaging equipment. The association focuses on promoting the benefits of flexible packaging, providing members with industry data and market information, representing and advocating for industry members, and providing educational and networking opportunities.

Food and Drug Law Institute (FDLI)

1155 15th St. NW, Ste. 910
Washington, DC 20005
800 956 6293
info@fdli.org
www.fdpi.org

Provides education, training, publications, and professional engagement opportunities in the field of food and drug law. Also offers a neutral forum for stakeholders to discuss innovative public policy, law, and regulation.

Global Organization for EPA and DHA Omega-3s (GOED)

1075 Hollywood Ave.
Salt Lake City, UT 84105
801 746 1413
info@goedomega3.com
www.goedomega3.com

Represents the worldwide EPA and DHA omega-3 industry. Seeks to increase the consumption of omega-3s to adequate levels around the world and to ensure that the industry is producing quality omega-3 products.

GS1 US

300 Princeton South Corporate Center
Ewing Township, NJ 08628
937 435 3870
info@gs1us.org
www.gs1us.org

Empowers organizations to grow efficiently, sustainably, and safely. Establishes supply chain standards that enable organizations to identify, capture, and share information to create a common language that underpins systems and processes all over the world.

Gelatine Manufacturers of Europe (GME)

Rue Belliard 40, bte 15
1040 Brussels
Belgium
+32 2436 9459
info@gelatine.org
www.gelatine.org

Represents the European gelatin industry, supports the production of gelatin and collagen peptides, and informs, educates, and communicates with customers, authorities, and the media. Also motivates its members to continuously improve and standardize their products and services in a changing environment.

Healthcare Compliance Packaging Council (HCPC)

2711 Buford Rd., Ste. 268
Bon Air, VA 23235
804 338 5778
www.hcpconline.org

Promotes the greater use of unit-dose pharmaceutical packaging for its many benefits, including increased patient compliance.

Herb Research Foundation (HRF)

4140 15th St.
Boulder, CO 80304
303 449 2265
info@herbs.org
www.herbs.org

Nonprofit research and education organization provides information on herbs and medicinal plants to the public and healthcare professionals. Also conducts research proving the safety and health benefits of herbs to improve health and well-being.

Homeopathic Pharmacopeia of the United States (HPUS)

PO Box 2221
Southeastern, PA 19399
513 813 2940
info@hpus.com
www.hpus.com

Produces and updates a pharmacopoeia and monographs to set clear standards for homeopathic drug product manufacturers.

Indian Drug Manufacturers' Association (IDMA)

102 Poonam Chambers, Dr. A.B. Rd., 1st floor
Worli, Mumbai 400018
India
+91 22 2494 4624
admin@idmaindia.com
www.idma-assn.org

Promotes research and development of new drugs in India and represents the common difficulties of its members before the various departments and local bodies of government to solve them in the best interests of the members. Also fosters a better understanding of Indian products in the medical community and encourages the dissemination of useful knowledge to members.

Indian Pharmaceutical Association (IPA)

Kalina, Santacruz E
Mumbai 400 098
India
+91 22 2667 1072
ipacentre@ipapharma.org
www.ipapharma.org

Promotes professional and ethical standards of pharmacy; represents pharmacists as healthcare professionals; informs the community, government, and others on vital professional issues; and supports pharmaceutical education and science.

Indian Pharmacopoeia Commission (IPC)

Ministry of Health & Family Welfare, Govt. of India
Sector 23, Raj Nagar
Ghaziabad 201 002
India
+91 120 2800 500
lab.ipc@gov.in
www.ipc.gov.in

Sets drug standards in India by publishing and regularly updating and creating new monographs in the Indian Pharmacopoeia (IP), which prescribes standards for identity, purity, and strength of drugs for humans and animals. Also promotes the rational use of generic medicines by publishing the National Formulary of India and provides IP Reference Substances, which act as a finger print for identification of an article under test and its purity as prescribed in the IP.

Innovative Medicines Canada

55 Metcalfe St., Ste. 1220
Ottawa, Ontario K1P 6L5
Canada
613 236 0455
info@imc-mnc.ca
www.innovativemedicines.ca

Advocates for policies that enable the discovery, development, and commercialization of innovative medicines and vaccines that improve the lives of all Canadians.

Institute for Briquetting and Agglomeration (IBA)

7107 Starling Dr.
Schererville, IN 46375
219 765 2378
iba@agglomeration.org
www.agglomeration.org

Represents business and technical professionals involved in the research, development, and production of briquettes, pellets, and other densified products and the equipment to produce them.

Institute for Safe Medication Practices (ISMP)

200 Lakeside Dr., Ste. 200
Horsham, PA 19044
215 947 7797
www.ismp.org

Advances patient safety worldwide by empowering the healthcare community and consumers to prevent medication errors.

Institute of Packaging Professionals (IoPP)

12930 Worldgate Dr., Ste. 200
Herndon, VA 20170
571 266 4403
info@iopp.org
www.iopp.org

Creates networking and educational opportunities that help packaging professionals succeed and serves as a central unifying force in the packaging industry.

Intellus Worldwide

PO Box 1449
Minneola, FL 34755
info@intellus.org
www.intellus.org

Dedicated to improving the lives of patients by advocating for the healthcare business analytics and insights community. Also serves as the leading resource for professional development for those involved in pharmaceuticals, biotech, medical devices, and diagnostics.

International Alliance of Dietary/Food Supplement Associations (IADSA)

IADSA Secretariat
Gridiron Building
One Pancras Square
London, N1C 4AG
United Kingdom
+44 7494 912 341
iadsa@iadsa.org
www.iadsa.org

Provides a global platform to guide the evolution of policy and regulation in the dietary and food supplement industry. Also ensures the creation of a strong network of national and regional associations across the world that are able to work with their governments and scientific communities.

International Council for Harmonisation of Technical Requirements for Pharmaceuticals for Human Use (ICH)

ICH Secretariat
Route de Pre-Bois 20
1215 Geneva
Switzerland
+41 22 338 3206
admin@ich.org
www.ich.org

Non-profit association works toward achieving greater international harmonization in the interpretation and application of technical guidelines and requirements for pharmaceutical product registration.

International Federation of Pharmaceutical Manufacturers & Associations (IFPMA)

Chemin des Mines 9
1202 Geneva
Switzerland
+41 22 338 3200
info@ifpma.org
www.ifpma.org

Represents research-based biopharmaceutical companies and regional and national associations and advocates for policies and practices that encourage the discovery of and access to life-saving and life-enhancing medicines and vaccines.

International Pharmaceutical Excipients Council China (IPEC-China)

Fenglan International Center, Block B, 11th floor, room 1106
32 Xizhimen N. St., Haidian District
Beijing 100082
China
+86 108 221 2866 6008
ipec-china@ccfdie.org
www.ipec-china.org

Focuses on excipient laws, regulations, science, and business practices in China. Works with the other IPEC associations on excipient safety and public issues, in connection with international trade matters, and to achieve harmonization of regulatory standards and pharmacopoeial monographs.

International Pharmaceutical Excipients Council Europe (IPEC-Europe)

Rue Marie de Bourgogne 52, 3rd floor
B-1000 Brussels
Belgium
+32 2213 7440
info@ipec-europe.org
www.ipec-europe.org

Offers a forum to excipient producers, distributors, and users to discuss quality excipients for medicines. Develops and promotes harmonized guidelines to create excipient quality and functionality standards to improve patient safety. Partners with other IPEC associations.

International Pharmaceutical Excipients Council Japan (IPEC-Japan)

2F Kudan KA Building
1-9-5, Kudankita, Chiyodaku
Tokyo 102 0073
Japan
+81 352 751 358
office@jpec.gr.jp
www.jpec.gr.jp/english

Contributes to the maintenance and advancement of the health of Japan by improving the quality, performance, and properties of pharmaceutical excipients for heightened quality, efficacy, and safety in pharmaceutical products. Achieves this through the cooperation of its members and in association with related IPEC organizations, and through contributing to international accord in relation to pharmaceutical standards and specifications.

International Pharmaceutical Excipients Council of the Americas (IPEC-Americas)

3138 10th St. N., Ste. 500
Arlington, VA 22201
571 814 3449

ipecamer@ipecamericas.org
www.ipecamericas.org

Advocates, educates, innovates, and develops best practices for excipients, with a focus on patient safety. Represents excipient producers, distributors, and finished drug product manufacturers, as well as companies and individuals that supply other specialized services to industry segments. Works with the other IPEC associations worldwide to promote excipient quality standards and increase communication, harmonization, standards, and safety.

International Pharmaceutical Federation (FIP)

5 Andries Bickerweg
2517 JP The Hague
Netherlands
+31 70 302 1970
fip@fip.org
www.fip.org

Represents and serves the pharmacy industry, pharmaceutical sciences, and pharmaceutical education worldwide. Supports the development of the pharmacy profession through practice and emerging scientific innovations to meet the world's healthcare needs and expectations.

International Society for Pharmaceutical Engineering (ISPE)

6110 Executive Blvd., Ste. 600
North Bethesda, MD 20852
301 364 9201
ask@ispe.org
www.ispe.org

Works to advance the educational and technical efficiency of its members through forums for the exchange of ideas and practical experience.

International Society of Regulatory Toxicology & Pharmacology (IS RTP)

admin@isrtp.org
www.isrtp.org

Provides an open public forum for policy makers and scientists promoting sound toxicologic and pharmacologic science as a basis for regulation affecting the environment and human safety and health.

Les Entreprises du Médicament (LEEM)

58 Boulevard Gouvion-Saint-Cyr
75017 Paris
France
+33 145 038 888
www.leem.org

LEEM is the professional trade organization of pharmaceutical companies operating in France. Members include more than 260 pharmaceutical companies engaged in R&D, manufacturing, distribution, and other areas.

Medicines for Europe

Rue d'Arlon, 50
B-1000 Brussels
Belgium
+32 2736 8411
info@medicinesforeurope.com
www.medicinesforeurope.com

Represents pharmaceutical companies in Europe and acts as the voice of the generic, biosimilar, and value-added industries. Aims to increase the health and well-being of all Europeans through better access to high-quality medicines.

NSF International

PO Box 130140
789 N. Dixboro Rd.
Ann Arbor, MI 48105
734 769 8010
info@nsf.org
www.nsf.org

Develops public health standards and certification programs that safeguard food, water, consumer products, and the environment. Independent, accredited organization develops standards; tests and certifies products and systems; and provides auditing and risk management solutions.

National Association of Chemical Distributors (NACD)

1560 Wilson Blvd., Ste. 1100
Arlington, VA 22209
703 527 6223
www.nacd.com

Communicates environmental, health, security, and safety practices and fosters the professionalism and stewardship of the chemical distribution industry.

National Institutes of Health (NIH)

9000 Rockville Pike
Bethesda, MD 20892
301 496 4000
www.nih.gov

Researches science in pursuit of fundamental knowledge about the nature and behavior of living systems and applies that knowledge to extend healthy life and reduce the burdens of illness and disability.

National Pharmaceutical Association (NPhA)

7729 E Greenway Rd., Ste. 300
Scottsdale, AZ 85260
877 215 2091
npha@npha.net

www.nationalpharmaceuticalassociation.org

Represents the views and ideas of minority pharmacists on critical issues affecting healthcare and pharmacy. Also advances the standards of pharmaceutical care among all practitioners.

National Pharmaceutical Council (NPC)

1717 Pennsylvania Ave. NW, Ste. 800
Washington, DC 20006
202 827 2100
info@npcnow.org
www.npcnow.org

Promotes the advancement of good evidence and science and supports medical innovation in the US through its focus on research development, information dissemination, education, and the promotion of the critical issues of evidence, innovation, and the value of medicines for patients.

Natural Products Association

440 1st St NW, Ste. 520
Washington, DC 20001
202 223 0101
natural@npanational.org
www.npanational.org

Advocates for the rights of consumers to access products that will maintain and improve their health and for the rights of retailers and suppliers to sell those products.

Organisation of Pharmaceutical Producers of India (OPPI)

Peninsula Chambers, Ground floor
Ganpatrao Kadam Marg
Lower Parel, Mumbai 400 013
India
+91 22 2491 8123
admin@indiaoppi.com
www.indiaoppi.com

Represents research-based pharmaceutical companies in India, works to achieve the nation's healthcare objectives, and collaborates with all stakeholders to find sustainable solutions.

Organisation for Professionals in Regulatory Affairs (TOPRA)

3 Harbour Exchange, 6th floor
South Quay, London E14 9GE
United Kingdom
+44 207 510 2560
info@topra.org
www.topra.org

Represents and promotes the profession of healthcare regulatory affairs globally by providing support, education, and accreditation for all regulatory professionals and celebrating excellence in regulatory practice.

Pharma & Biopharma Outsourcing Association

10 Alta Vista Dr.
Ringwood, NJ 07456
201 788 7994
gil.roth@pharma-bio.org
www.pharma-bio.org

Represents pharmaceutical and biopharmaceutical contract development and manufacturing organizations that operate or sell in the US. Advocates for member companies before regulatory, governmental, and legislative bodies; educates members, customers, the general public, and other stakeholders on the value that CDMOs bring to the development and manufacture of therapeutics; and advances common industry goals and interests.

Pharmaceutical Education and Research Institute (PERI)

9302 Lee Highway, Ste. 700
Fairfax, VA 22031
571 490 8409
www.peri.org

Provides scientific and technical continuing education and training to the pharmaceutical, biotechnology, and medical product industry. Topics include basic pre-clinical research and clinical sciences; drug safety and pharmacovigilance; data management and analysis; finance, licensing, and business development; manufacturing, bulk drug operation, and quality control; marketing and promotion regulation of pharmaceuticals, biologicals, and devices; project management in the pharmaceutical industry; and quality assurance and regulatory compliance.

Pharmaceutical and Medical Device Regulatory Science Society of Japan (PMRJ)

2-12-15, Shibuya, Shibuya-ku
Tokyo, 150-0002
Japan
+81 334 005 634
www.pmrj.jp

Advances the regulatory science of drugs and medical devices to promote better quality, efficacy, and safety of medical products in Japan.

Pharmaceutical Inspection Co-operation Scheme (PIC/S)

PIC/S Secretariat
14 Rue du Roveray CH
1207 Geneva
Switzerland
+41 227 389 216
info@picscheme.org
www.picscheme.org

Develops, implements, and maintains harmonized GMP standards and quality systems of inspectorates in the field of medicinal products. Offers training and facilitates cooperation with participating regulators to promote the quality of medicinal products.

Pharmaceutical Research and Manufacturers of America (PhRMA)

PhRMA Headquarters
950 F St. NW, Ste. 300
Washington, DC 20004
202 835 3400
www.phrma.org

Represents the leading research-based pharmaceutical and biotechnology companies in the US, which are devoted to inventing medicines that allow patients to live longer, healthier, and more productive lives.

Pharmaceutical Security Institute (PSI)

8100 Boone Blvd., Ste. 220
Vienna, VA 22182
703 848 0160
psi@psi-inc.org
www.psi-inc.org

Protects public health, promotes sharing information about counterfeit pharmaceuticals, and initiates enforcement actions.

Philadelphia Drug Exchange (PDE)

PO Box 1298
West Chester, PA 19380
484 881 3147
pdetrade@comcast.net
www.pdetrade.org

Dedicated to the advancement of pharmaceutical manufacturers, the allied trade industries, and schools of pharmacy by providing a forum of interaction, communication, and education.

Private Label Manufacturers Association (PLMA)

630 3rd Ave.
New York, NY 10017
212 972 3131
info@plma.com
www.plmainternational.com

Non-profit organization represents more than 4,500 member companies that manufacture food, beverage, snack, health and beauty, household, kitchen, DIY, personal, and leisure products.

Process Equipment Manufacturers' Association (PEMA)

201 Park Washington Ct.
Falls Church, VA 22046
703 538 1796
info@pemanet.org
www.pemanet.org

Unites the companies that supply equipment and systems used by process industries. This includes but is not limited to: food, chemical, pharmaceutical, mining and minerals, metals, waste water treatment, paint and coatings, agribusiness, ceramics, plastics, wood, pulp and paper, environment, and building materials.

Product Quality Research Institute (PQRI)

1500 K St. NW, 4th floor
Washington, DC 20005
202 230 5199
pqrisecretariat@pqri.org
www.pqri.org

Generates and shares timely, relevant, and impactful information that advances global drug product quality, manufacturing, and regulation.

Regulatory Affairs Professionals Society (RAPS)

5635 Fishers Ln., Ste. 400
Rockville, MD 20852
301 770 2920 ext. 200
raps@raps.org
www.raps.org

Develops and sustains the global regulatory workforce that drives good regulatory practice and policy to advance public health. Achieves this by offering education and training, professional standards, publications, research, knowledge sharing, networking, career development opportunities, and regulatory affairs certification.

Royal Pharmaceutical Society

66 E. Smithfield
London E1W 1AW
United Kingdom
+44 207 572 2737
membership@rpharms.com
www.rpharms.com

Professional membership body for pharmacists and pharmacy in England, Scotland, and Wales, providing leadership in the safe and effective use of medicines. Promotes pharmacy in media and government, provides medicines information, and supports pharmacists in their education and development.

Rx-360

PO Box 40931
Philadelphia, PA 19107
888 218 1164
info@rx-360.org
www.rx-360.org

International pharmaceutical supply chain consortium provides opportunities for representatives to continually improve quality issues around patient safety and supply chain integrity by offering audit opportunities, sharing resources, and building connections and education.

São Paulo State Pharmaceutical Manufacturers Association (SINDUSFARMA)

1280 Rua Alvorada
Vila Olímpia
São Paulo 04550-004
Brazil
+55 11 3897 9779
comunicacao@sindusfarma.org.br
www.sindusfarma.org.br

Studies and coordinates legal protection for the pharmaceutical industry based in São Paulo, including importers and exporters of pharmaceuticals, functional foods, and other related sectors.

Sino-American Pharmaceutical Professionals Association (SAPA)

information@sapaweb.org
www.sapaweb.org

Non-profit serves pharmaceutical professionals in the US and China. Promotes the advancement of pharmaceutical science and biotechnology, contributes to public health education, promotes scientific exchange and business cooperation between the US and China, and fosters the career growth of pharmaceutical professionals.

Society of Chemical Industry (SCI)

14/15 Belgrave Square
London SW1X 8PS
United Kingdom
+44 20 7598 1500
membership@soci.org
www.soci.org

Provides an international forum where science meets business on independent, impartial ground.

Society of Chemical Manufacturers and Affiliates (SOCMA)

1400 Crystal Dr., Ste. 630
Arlington, VA 22202
571 348 5100
info@socma.org
www.socma.org

Fosters the growth of the specialty chemistry industry by providing legislative and regulatory advocacy, promoting safety, and strengthening business intelligence and manufacturing practices.

Society of Manufacturing Engineers (SME)

1000 Town Center, Ste. 1910
Southfield, MI 48075
313 425 3000
communications@sme.org
www.sme.org

Educates manufacturing companies, promotes manufacturing technology, and advances manufacturing by attracting future generations.

Society of Toxicology (SOT)

11190 Sunrise Valley Dr., Ste. 300
Reston, VA 20191
703 438 3115
sothq@toxicology.org
www.toxicology.org

Supports the creation of a safer and healthier world by advancing the science and increasing the impact of toxicology.

US Pharmacopeia (USP)

12601 Twinbrook Pkwy.
Rockville, MD 20852
301 881 0666
www.usp.org

Improves global health through public standards and related programs that help ensure the quality, safety, and benefit of medicines and foods.

United Natural Products Alliance (UNPA)

1075 E. Hollywood Ave.
Salt Lake City, UT 84105
801 474 2572
info@unpa.com
www.unpa.com

Represents dietary supplement and functional food companies that provide consumers with products of superior quality, benefit, and reliability. Also promotes the full and proper implementation and enforcement of the Dietary Supplement Health and Education Act (DSHEA).
